As of the date of this Notice, we expect that the Meeting will be structured as a physical, in-person meeting, as in past years. You should not attend the Meeting in person if you are experiencing any cold or flu-like symptoms. All shareholders are strongly encouraged to vote by proxy.

TVI Pacific reserves the right to take additional precautionary measures (as considered appropriate by the Board of Directors) in relation to the Meeting in response to further public health developments, including, hosting the Meeting solely by means of remote communication, placing restrictions on in-person attendance (precluding the attendance of guests, for example), or postponing or adjourning the Meeting. Changes to the Meeting date and/or Meeting format will be announced by way of news release.

MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation by the management of TVI Pacific Inc. ("TVI" or the "**Corporation**") of proxies to be used at the Annual General and Special Meeting (the "**Meeting**") of the shareholders of the Corporation (the "**Shareholders**"). The meeting will be held at the offices of Bennett Jones LLP, 4500 Bankers Hall East, 855 - 2nd Street SW, Calgary, Alberta, Canada T2P 4K7, on Wednesday, June 28, 2023, at 11:00 am (Mountain Daylight Time) or any adjournment thereof, for the purposes set out in the Notice of Meeting accompanying this Information Circular.

Solicitation of proxies will be primarily by mail, but may also be undertaken by way of telephone, e-mail or oral communication by the directors, officers and employees of the Corporation, at no additional compensation. The cost of the solicitation of proxies will be borne by the Corporation.

Unless otherwise indicated, information set out in this Information Circular is provided as of May 15, 2023.

Clifford M. James and Jan R. Horejsi (the management designees named in the accompanying Instrument of Proxy) are both directors of TVI. Mr. James is also a senior officer of the Corporation. **A Shareholder has the right to appoint a person (who need not be a Shareholder) other than Clifford M. James or Jan R. Horejsi to represent such Shareholder at the Meeting.** To exercise this right, a Shareholder should insert the name of the other person in the blank space provided on the Instrument of Proxy. Registered Shareholders are persons who are named as holders of common shares of TVI on the register of shareholders maintained by the Corporation's registrar and transfer agent. If you are a person whose TVI shares are held by a broker rather than in your own name then you are not a Registered Shareholder and must follow a separate set of instructions by which to vote. For more information on who is a Registered Shareholder or to determine if you are a Registered Shareholder and to understand how to vote if you are determined to be a Non-Registered Shareholder, please reference the section "Voting of Common Shares - Advice to Non-Registered Shareholders of Common Shares" in this Information Circular.

A *registered* Shareholder who has submitted a proxy may revoke it by depositing a written instrument of revocation (signed by the Shareholder or by an authorized attorney or, if the Shareholder is a corporation (or other entity), by a duly authorized representative) either: (i) at the offices of Computershare Trust Company of Canada, Attention: Proxy Department at 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof; or (ii) with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. In addition, a proxy may be revoked: (i) by the Shareholder personally attending the Meeting and voting the securities represented thereby or, if the Shareholder is a corporation (or other entity), by a representative of the corporation (or other entity) attending the Meeting and voting such securities; or (ii) in any other manner permitted by law.

The foregoing information respecting appointment of proxyholders and revocation of proxies is generally applicable only to *registered* Shareholders, being persons who are named as holders of common shares of TVI ("**Common Shares**") on the register of shareholders maintained by the Corporation's registrar and transfer agent (the "**Register of Shareholders**"). A significant number of persons, who beneficially own Common Shares, hold those shares in a brokerage account or through some other intermediary. In almost all cases, a person whose shares are held by a broker (or other intermediary) will not appear as the *registered* holder of such shares on the Register of Shareholders. Non-registered Shareholders (i.e., persons whose TVI shares are not held in their own name) do not have the same rights, under applicable corporate legislation, as *registered* Shareholders in respect of shareholder meetings (including the rights described above to appoint a proxyholder and revoke a deposited proxy), and Non-registered Shareholders are required to act indirectly through their

broker (or other intermediary) in order to vote their shares. **Non-registered Shareholders should refer to the information set out under the heading "Voting of Common Shares - Advice to Non-Registered Shareholders of Common Shares" in this Information Circular for further information concerning the voting of their TVI shares at the Meeting.**

Exercise of Discretion by Proxyholders

On any ballot that may be called for at the Meeting, the management designees named in the accompanying Instrument of Proxy will vote or withhold from voting the shares in respect of which they are appointed as proxyholder in accordance with the direction of the Shareholder appointing them and if the Shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **In the absence of such direction, the relevant shares will be voted for: (i) the election of directors; (ii) the appointment of auditors, at such remuneration as may be determined by the directors of the Corporation; (iii) to ratify and confirm the existing stock option plan of the Corporation; all as more particularly described in this Information Circular.** The accompanying Instrument of Proxy confers discretionary authority upon the persons named therein with respect to amendments to, or variations of, the matters identified in the Notice of Meeting and with respect to other matters that may properly be brought before the Meeting. As of the date hereof, management of the Corporation knows of no such amendments, variations or other matters to be brought before the Meeting.

Signing of Proxy

A proxy must be signed by the Shareholder or a duly appointed attorney authorized in writing or, if the Shareholder is a corporation (or other entity), by a duly authorized representative. A proxy signed by a person acting as attorney or in some other representative capacity (including a representative of a corporate Shareholder) should indicate that person's capacity and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless such instrument has previously been filed with the Corporation).

Notice and Access

National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer ("**NI54-101**") and National Instrument 51-102 - Continuous Disclosure Obligations ("**NI51-102**") allow for the use of a notice and access method for the delivery of proxy-related materials ("**Notice and Access**").

Notice and Access permits reporting issuers to deliver proxy-related materials by posting them on SEDAR as well as a website other than SEDAR and sending Shareholders a notice package (the "**Notice Package**") that includes: (i) the voting instruction form or proxy; (ii) basic information about the meeting and the matters to be voted on; (iii) instructions on how to obtain a paper copy of the materials; and (iv) a plain-language explanation of how Notice and Access operates and how the materials can be accessed online. Where prior consent has been obtained, a reporting issuer can send this Notice Package to Shareholders electronically. This Notice Package must be mailed to Shareholders from whom consent to electronic delivery has not been received.

The Corporation has elected to send its Information Circular to Shareholders, except for US Beneficial Shareholders, using Notice and Access. Accordingly, the Corporation will send the above mentioned Notice Package to Shareholders, except for US Beneficial Shareholders, which includes instructions on how to access this Information Circular online and how to request a paper copy of this Information Circular. Distribution of this Information Circular pursuant to Notice and Access substantially reduces printing and mailing costs related to the Meeting.

The Corporation will be following stringent safety protocols for the Meeting as a result of recent public health crises. Registered shareholders and properly appointed proxy holders who wish to attend the Meeting in person may be required to wear masks and maintain appropriate social distancing at all times. No one other than registered shareholders and properly appointed proxy holders will be allowed to attend the Meeting in person to ensure adequate space is available for those registered shareholders and properly appointed proxy holders who wish to attend the Meeting. All shareholders are strongly urged to send in their proxies in advance of the Meeting as set out in the Information Circular below and as set out in the proxy or voting instruction form to ensure that their votes are counted at the Meeting. The continuing situation resulting from the outbreak of COVID-19 and similar public health crises has created unprecedented disruptions in the global economy and has required the Corporation to take all necessary precautions to ensure the health and safety of its officers, directors, employees and shareholders.

TVI Pacific reserves the right to take additional precautionary measures (as considered appropriate by the Board of Directors) in relation to the Meeting in response to further public health developments, including, hosting the Meeting solely by means of remote communication, placing restrictions on in-person attendance (precluding the attendance of guests, for example), or postponing or adjourning the Meeting. Changes to the Meeting date and/or Meeting format will be announced by way of news release.

VOTING SHARES AND PRINCIPAL HOLDERS OF COMMON SHARES

Voting of Common Shares - General

As at the close of business on May 15, 2023, there were 674,987,039 Common Shares issued and outstanding, each of which carries the right to one vote at meetings of the shareholders of the Corporation.

The directors have established the close of business (Calgary (Mountain Daylight) time) on May 15, 2023, as the record date (the “**Record Date**”) for determining Shareholders entitled to receive notice of the Meeting. In accordance with the *Business Corporations Act* (Alberta), the Corporation will prepare a list of the *registered* holders of Common Shares as of the Record Date. Each holder of Common Shares named in that list will be entitled, at the Meeting, to vote the shares shown opposite the holder's name on the list, except to the extent that: (a) the Shareholder has transferred any of his/her/its Common Shares after the Record Date; and (b) the transferee of those Common Shares produces properly endorsed share certificates or otherwise establishes ownership of such shares and demands, not later than 10 days before the Meeting, that the transferee's name be included on the Shareholder's list, in which case the transferee will be entitled to vote such shares at the Meeting.

Voting of Common Shares - Advice to Non-Registered Shareholders of Common Shares

The information set out in this section is important to many shareholders of the Corporation, as a substantial number of shareholders do not hold shares in their own name. Shareholders who do not hold their TVI shares in their own name (referred to in this Information Circular as “Non-registered Shareholders” or “Beneficial Shareholders”) should note that only proxies deposited by persons whose names appear on the Register of Shareholders as the registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by an intermediary, such as a brokerage house, bank or trust company, then in almost all cases those shares will not be registered in that shareholder's name in the records of the Corporation. Such shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered in the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as a *clearing agency and nominee for many Canadian brokerage firms*). Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) at the direction of the Non-registered Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers' clients. Therefore, Non-registered Shareholders should ensure that instructions respecting the voting of their shares are communicated to the appropriate person well in advance of the Meeting. Notification that the Corporation is using Notice and Access has been sent to the clearing agencies and Intermediaries for onward distribution to Non-registered Shareholders.

Under securities laws in force in Canada, brokers and intermediaries are required to forward the Notice and Access Notification or proxy-related materials, as the case may be, to Non-registered Shareholders to seek voting instructions in advance of shareholder meetings. **Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Non-registered Shareholders in order to ensure that their shares are voted at the Meeting.** The majority of Canadian brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically prepares a machine-readable voting instruction form (“**VIF**”), mails that form to Non-registered Shareholders and asks them to return the instruction forms to Broadridge. Alternatively, Non-registered Shareholders can either call Broadridge's toll-free telephone line or access Broadridge's dedicated voting website at www.proxyvote.com to deliver their voting instructions. Broadridge then tabulates the results of all instructions received and provides instructions respecting the voting of Common Shares to be represented at the Meeting.

Since the Corporation does not have access to the name of its Non-registered Shareholders, if a Non-registered Shareholder attends the Meeting the Corporation will have no record of the Non-registered Shareholder's shareholdings or of its entitlement to vote unless the Non-registered Shareholder's intermediary has appointed the Non-registered Shareholder as proxyholder. Therefore, a Non-registered Shareholder who wishes to vote in person at the Meeting must insert its own name in the space provided on the VIF sent to the Non-registered Shareholder by its intermediary, and sign and return the VIF by following the signing and returning instructions

provided by its intermediary. By doing so, the Non-registered Shareholder will be instructing its intermediary to appoint the Non-registered Shareholder as proxyholder. The Non-registered Shareholder should not otherwise complete the VIF as its vote will be taken at the Meeting.

There are two kinds of Non-registered Shareholders – those who object to their name being made known to the issuers of securities which they own ("**Objecting Beneficial Owners**" or "**OBOs**") and those who do not object to the issuers of the securities they own knowing who they are ("**Non-Objecting Beneficial Owners**" or "**NOBOs**"). Pursuant to NI54-101, issuers can obtain a list of their NOBOs from intermediaries for distribution of proxy-related materials directly to NOBOs.

The Notice and Access notifications or proxy related materials are being sent to both Registered Shareholders and Non-registered Shareholders. If you are a Non-registered Shareholder, and the Corporation's approved intermediary or the Corporation itself has sent these materials directly to you, your name, address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

Approved Intermediaries

Broadridge Financial Solutions, Inc. is the approved intermediary for mailing proxy related materials to Non-registered Shareholders. The Corporation does not intend to pay for intermediaries to deliver proxy related materials to OBOs. The OBOs' intermediary will be required to assume the costs of delivery of those documents should they wish to receive them. Computershare Investor Services is the approved intermediary for mailing proxy related materials to Registered Shareholders.

Principal Holders of Common Shares

As at May 15, 2023, CDS & Co. and CEDE & Co. were the registered owners of 627,643,134 Common Shares, which represents approximately 93% of the issued and outstanding Common Shares. The directors and officers of the Corporation understand that CDS & Co. and CEDE & Co. are nominees and are not beneficial owners of Common Shares. Except as otherwise set out in this Information Circular, the directors and officers of the Corporation are not aware of any person who beneficially owns, directly or indirectly, or exercises control or direction over more than 10% of the outstanding Common Shares.

As at May 15, 2023, Mr. Clifford M. James, President & CEO of the Corporation and Chairman of the Board, beneficially owns, or is deemed to beneficially own, 12.34% of the total number of issued and outstanding common shares. Mr. James does not hold any further stock options or equity instruments to acquire TVI common shares as at May 15, 2023 and therefore the percentage of the total number of issued and outstanding common shares that Mr. James would beneficially own, or would be deemed to beneficially own, is not currently subject to change.

ELECTION OF DIRECTORS

Directors are elected annually and hold office from the date of the annual meeting at which they are elected until the next annual meeting of the shareholders of the Corporation, or until their successors are elected or appointed or a director vacates office in accordance with the by-laws of the Corporation. In accordance with the bylaws of the Corporation, the Board has resolved to fix the number of directors to be elected at the Meeting at five (5) but may increase the number of directors at their discretion in advance of the Meeting.

Majority Voting Policy

As you will note from the enclosed form of proxy and VIF, Shareholders may vote for each proposed director individually as opposed to voting for directors as a slate. In addition, the Corporation adopted a majority voting policy in 2013, which provides that any nominee for director who receives a greater number of votes withheld than for his or her election is expected to tender his or her resignation to the Chairman of the board of directors following the Corporation's annual meeting. This policy applies only to uncontested elections, meaning elections where the number of nominees for director is equal to the number of directors to be elected. Unless directors comprising a majority of the Governance Committee tender their resignations as directors in accordance with majority voting policy (in which case the board of directors shall undertake a review directly), the Governance Committee shall consider the resignation and whether or not it should be accepted and make a recommendation and provide a report on such resignation to the board of directors. Factors to be taken into account in assessing a resignation tendered pursuant to the policy may include: (i) the stated reason the shareholder withheld their vote; (ii) length of service and qualifications of such director; (iii) past and anticipated contributions of such director; and (iv) effect a resignation may have on TVI's ability to comply with applicable governance rules and policies and dynamics of the Board. The nominee shall not participate in any committee or board of directors' deliberations on the resignation offer. The board of directors shall disclose its decision whether or not to accept a resignation via press release as soon as practicable following completion of its deliberations and will use reasonable efforts to make a determination with respect to such resignation, within 90 days of the applicable annual meeting. If a resignation is accepted, the board of directors may appoint a new director to fill the vacancy created by the resignation or leave the vacancy unfilled. Any such resignation will not be effective and not be considered to have been delivered to TVI unless and until accepted by the board of directors.

Advance Notice By-Law

The Corporation has adopted a by-law (By-Law No.4) that was subsequently confirmed by shareholders at the Annual Meeting of Shareholders on June 24, 2021, related to the nomination of directors by shareholders of the Corporation in certain circumstances. By-Law No.4 provides a process for shareholders to follow for director nominations and sets out a reasonable time frame for nominee submissions and the provision of accompanying information. The purpose of By-Law No.4 is to treat all shareholders fairly by ensuring that all shareholders receive adequate notice of the nominations to be considered at a meeting and can thereby exercise their voting rights in an informed manner. In addition, By-Law No.4 should assist in facilitating an orderly and efficient meeting process. As of the date hereof, the Corporation has not received notice of any director nominations in connection with this year's Meeting within the time periods prescribed by the advance notice provisions contained in By-Law No.4. Assuming no nominations are received by May 28, 2023, the only persons eligible to be nominated for election to the Board are the below nominees. Notwithstanding the foregoing, the Board may, in its sole discretion, waive any requirement in By-law No.4 or may delegate such discretion to the Chair of any meeting of the Shareholders.

Unless otherwise directed, the management designees named in the accompanying Instrument of Proxy intend to vote for the election of the nominees identified in the table set out below.

The following table (and the accompanying notes) sets out the name and municipality of residence of each person proposed to be nominated for election as a director, all other positions and offices with the Corporation now held by them, their principal occupation or employment, the date on which they were first elected as directors of the Corporation (as applicable) and the number of Common Shares beneficially owned by them, directly or indirectly, or over which they exercise control or direction, as of May 15, 2023.

Notes:

- 1) The information relating to the Common Shares beneficially owned or controlled, not being within the knowledge of management or the Corporation, has, at the request of management, been furnished by each of the nominees respectively.

The Board of Directors has not established an executive committee. Under applicable corporate legislation and securities laws, the Corporation is required to have an audit committee comprised of independent members of the Board of Directors. The Board of Directors has also established a Disclosure Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. The current members of the Audit Committee, the Disclosure Committee, the Compensation Committee and the Corporate Governance and Nominating Committee, all of whom are also directors, are identified in the table and the notes thereto set out above.

Corporate Cease Trade Orders and Corporate Bankruptcies, etc.

On April 25, 2023, the Company announced that it had made an application to the Alberta Securities Commission to approve a temporary management cease trade order ("**MCTO**") under National Policy 12-203 – Management Cease Trade Orders ("**NI 12-203**") due to the inability to file its Annual Financial Statement and associated MD&A (collectively, the "**Annual Unfiled Documents**") for the year ended December 31, 2022 by the May 1, 2023 filing deadline applicable under NI 51-102. The delay in filing resulted from the inability of the Company's external auditors to conclude various audit procedures as a result of late receipt of certain financial information from and delay in the completion of the audit of TVIRD. The MCTO applied to Mr. Clifford James (TVI's Chairman, President and CEO) and Patrick Hanna (TVI's Vice President, Finance & Administration, and CFO) and was ordered to remain in place until revoked or varied, or until two full business days following the date the Company files the Annual Unfiled Documents. TVI completed its filing of the Annual Unfiled Documents on May 15, 2023.

The Company requested that a MCTO be issued by the Alberta Securities Commission on June 15, 2020, as a result of delays experienced by TVI in the filing of its: (i) Annual Unfiled Documents for the year ended December 31, 2019; and (ii) Interim Financial Statements and associated MD&A (the "**Interim Unfiled Documents**") for the quarter ended March 31, 2020. Delays in filing resulted from COVID-19 related restrictions that delayed completion of the year-end audit and subsequent completion of the Interim Unfiled Documents. The MCTO applied to Mr. Clifford James (TVI's Chairman, President and CEO) and Patrick Hanna (TVI's Vice President, Finance & Administration, and CFO) and was lifted on August 4, 2020, following the filing of Annual Unfiled Documents on July 2, 2020, and the Interim Unfiled Documents on July 29, 2020.

Other than the above-noted MCTOs, and to the knowledge of TVI, no director or executive officer of TVI is, as at the date of this Information Circular, or was, within the 10 year period preceding the date of this Information Circular, a director, chief executive officer or chief financial officer of any issuer that: (i) was subject to an order that was issued while the director or executive officer was acting in the capacity as director, chief executive officer or chief financial officer; or (ii) was subject to an order that was issued after the director or executive officer ceased to be a director, chief executive officer or chief financial officer, but which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer. For purposes of this paragraph, the term "order" means (i) a cease trade order; (ii) an order similar to a cease trade order; or (iii) an order that denied the relevant issuer access to any exemption under securities

legislation, in each case that was in effect for a period of more than 30 consecutive days.

TVI was removed from the list of defaulting reporting issuers maintained by the Alberta Securities Commission following its filing of the updated NI 43-101 Technical Report entitled "NI 43-101 Exploration Results and Mineral Resource Update Report on the Balabag Gold-Silver Project" under TVI's SEDAR profile on July 20, 2021. TVI had been added to the list of defaulting reporting issuers as a result of the circumstances described in its November 22, 2019 news release.

To the knowledge also of TVI, no director, executive officer or security holder holding a sufficient number of securities of TVI to affect materially the control of TVI is as of the date of this Information Circular, or has been within the 10 year period preceding the date of this Information Circular, a director or executive officer of any issuer that, while such person was acting in that capacity (or within a year of that person ceasing to act in that capacity), became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Personal Bankruptcies

To the Corporation's knowledge, no director, or proposed director has, within the 10 years preceding the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold such person's assets.

Penalties and Sanctions

To the Corporation's knowledge, no director, or proposed director has been subject to: (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (ii) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

CORPORATE GOVERNANCE

On June 30, 2005, National Policy 58-201 – *Corporate Governance Guidelines* (the "**Guidelines**") and National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**") came into force. The Guidelines set out a number of corporate governance recommendations and NI 58-101 requires reporting issuers to describe certain aspects of their corporate governance practices, with reference to the Guidelines, in their proxy circulars.

The Board of Directors and senior management of the Corporation consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. Disclosure respecting TVI's general approach to corporate governance is set out below.

Responsibility of the Board of Directors

Under the *Business Corporations Act (Alberta)*, the Board of Directors is responsible for managing or supervising the management of the business and affairs of the Corporation. In addition to statutorily imposed responsibilities (e.g. approving published financial statements), the Board of Directors retains specific responsibility for: (i) to the extent feasible, satisfying itself as to the integrity of the Chief Executive Officer and the other executive officers of the Corporation and that the Chief Executive Officer and other executive officers create a culture of integrity throughout the organization; (ii) the strategic direction of the Corporation; (iii) the identification of the principal risks to which the Corporation is exposed, and the implementation of systems to manage those risks; (iv) succession planning at the senior management level (including the Board of Director's own composition); (v) the Corporation's communications policy; (vi) the integrity of the Corporation's internal controls and management information systems; and (vii) developing the Corporation's approach to corporate governance. The Board of Directors does not have a written mandate; however, the Board of Directors recognizes its responsibility for the stewardship of the Corporation and engages with management of the Corporation in overseeing the Corporation's affairs. Certain board responsibilities are delegated to various committees of the Board of Directors, as disclosed in this Information Circular under the heading "Corporate Governance – Committees of the Board of Directors".

Director Independence

The Board is responsible for determining whether or not each director and director nominee is independent. In making this determination, the Board applies the definition of "independence" as set forth in National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("**NI 58-101**"). In applying this definition and these standards, the Board considers all relationships of the director and director nominees with TVI Pacific Inc., including business, family and other relationships. The Board also determines whether each member of TVI Pacific Inc.'s Audit Committee is independent pursuant to the requirements of National Instrument 52-110 *Audit Committees*.

The Board has determined that Mr. James is not independent as he is an executive officer of the Corporation. The Board has determined that all other directors and director nominees are independent under the standards of NI 58-101. In addition, all members of the Board's committees have been determined to be independent. All Audit Committee members have been determined to be independent in accordance with National Instrument 52-110 *Audit Committees*, and pursuant to the Audit Committee mandate.

The following table reflects the five individuals proposed to be nominated for election as directors at the Meeting and the determinations made by the Board with respect to the independence of each existing director and each director nominee.

Director Term Limits and Other Mechanisms of Board Renewal

The Board of Directors is concerned that imposing arbitrary and inflexible director term limits, as well as mandatory retirement ages, may discount the value of experience in the Corporation's history and culture and the importance of continuity, and risk the loss of key directors. The Board of Directors therefore believes that it would not be appropriate to set term limits for its directors but rather relies on the collective experience and judgement of its members to determine when changes in the Board are appropriate. Shareholder feedback and voting results are also considered by the Board of Directors in this regard.

Policies Regarding the Representation of Women on the Board

The Board of Directors has not adopted a written policy relating to the identification and nomination of women directors. Potential nominees for the Board of Directors are evaluated on the basis of experience, skill and ability and determining if the candidates' qualifications will meaningfully contribute to the effective functioning of the Board of Directors taking into consideration current Board of Directors composition and the skills and knowledge required to make the Board of Directors most effective.

Consideration of the Representation of Women in the Director Identification and Selection Process

The Board of Directors has not adopted a written policy relating to the identification and nomination of directors, including women directors. The Board of Directors believes that having written policies governing the selection of Board of Directors nominees could unduly restrict the Board's ability to select the most capable nominees that are free from conflicts of interest or other considerations that may impede the ability of a candidate to serve as a director of the Corporation.

Consideration Given to the Representation of Women in Executive Officer Appointments

The Board of Directors is an equal opportunity employer and does not consider the level of representation of women in executive officer positions when making executive officer appointments. The Corporation's policies are committed to treating people fairly, with respect and dignity, and to offer employment opportunities based upon an individual's qualifications, character and performance, not the particular gender or social group that an individual may belong to.

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Board of Directors consists of a diverse set of individuals with a broad range of skill sets. At this time it does not have any female members and the Board of Directors has not adopted a specific target regarding women on the Board of Directors as candidates are selected based on the primary considerations of experience, skill and ability.

The Corporation is an equal opportunity employer and candidates are thereby selected based on the primary considerations of experience, skill and ability. As such, the Corporation has not adopted a specific target regarding women in executive officer positions.

Number of Women on the Board and in Executive Officer Positions

As at the date hereof, no members of the Board of Directors are women and no executive officers of the Corporation are women.

Independent Functioning of the Board of Directors, Other Directorships and Position Descriptions

The President and Chief Executive Officer of the Corporation, Mr. James, is also Chairman of the Board of Directors. The Chairman does not have a casting vote in the event of a tie vote on any matter arising at a directors' meeting. The Board of Directors has appointed Mr. Horejsi as Lead Director to address governance issues arising as a result of the offices of the Chairman and Chief Executive Officer being vested in the same person. The Lead Director is to provide independent leadership to the Board of Directors and promote the effective and efficient discharge by the Board of its duties and responsibilities, and he is responsible also to continually assess the structure, composition, membership and activities of the Board and provide the Board with his/her assessment as to whether the Board is composed of a majority of "independent" directors. The Board of Directors believes that its independence from management is maintained by having a majority of independent directors and a Lead Director.

As disclosed in the tables in the section entitled "Election of Directors", the Corporation's directors are also directors or officers of other reporting issuers (or have been directors or officers of other reporting issuers), none of which are competitors of the Corporation.

The Board of Directors engage in frank and open discussions concerning the Corporation and management in the presence of management. In addition, members of the Audit Committee meet at least quarterly in the absence of management.

The Board of Directors has approved a written position description for the Corporation's CEO, which sets out various corporate objectives that the CEO is responsible for meeting. The responsibilities of the CEO include the advancement, growth, management and financing of the Corporation and its exploration and development projects as well as other specific responsibilities that may be assigned by the Board of Directors. The CEO is also responsible for promoting the Corporation's contributions to the well-being and improvement of the communities in which the Corporation and its affiliates operate, providing leadership and supporting the Corporation's commitment to environmental responsibilities, corporate social responsibility and ethical conduct.

Committees of the Board of Directors

The following table identifies the Board's standing committees and their members as at May 15, 2023:

Name	Committee

Clifford M. James				
Robert Armstrong		X	X	X
C. Brian Cramm	Chairman	X		Chairman

Notes:

- 1) Mr. James is not a member of any standing committee of the Board; however, he attends committee meetings (excluding "in-camera" sessions of such meetings). His committee meeting attendance is not recorded, as he is not a member of the committees.

Audit Committee

The Audit Committee is responsible for reviewing the quarterly and annual financial statements of the Corporation and making recommendations respecting those financial statements to the Board of Directors. In connection with its deliberations, the Audit Committee periodically meets with the Corporation's independent auditors to, among other things, review the effectiveness of the Corporation's internal controls and any other matters the auditors wish to bring to the Committee's attention. In addition to its responsibilities in relation to quarterly and annual financial statements, the Committee is responsible for the administration of the Corporation's "Whistle Blowing Policy". The Board of Directors has approved a written position description for the chairman of the Audit Committee. All members of the Audit Committee are considered to be financially literate by the Board of Directors.

The Audit Committee's Charter, along with additional information relating to the Audit Committee, is included in the Corporation's Annual Information Form, dated May 15, 2023, a copy of which has been filed with various securities regulatory authorities in Canada and which is available on SEDAR at www.sedar.com and on the Corporation's website at www.tvipacific.com.

Disclosure Committee

The Disclosure Committee is responsible to provide assurance to the Board that all potentially market sensitive information has been considered for compliance with the Corporation's continuous disclosure obligations and to disclose such information promptly and without delay to the TSXV, other exchanges on which the Corporation is listed and to stakeholders. The Disclosure Committee is also responsible to determine and implement scheduled and ad hoc black-out periods and to determine whether to request in particular circumstances a trading halt or voluntary suspension of trading. The Disclosure Committee has the power to engage outside advisors.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee is responsible for reviewing the corporate governance practices of TVI and evaluating those practices with reference to the Guidelines. The Corporate Governance and Nominating Committee is also responsible for identifying and recommending to the Board of Directors nominees suitable for election to the Board. The Board of Directors has approved a written position description for the chairman of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee has the power to engage outside advisors and determine its own procedures.

Compensation Committee

The Compensation Committee is responsible for reviewing and recommending the annual compensation of directors and the senior officers of the Corporation, and for oversight of the Corporation's compensation policies and practices. The Compensation Committee reviews recommendations made by the CEO with respect to the grant of stock options and makes recommendations to the Board concerning the grant of options under the Corporation's stock option plan. In formulating recommendations concerning director and officer compensation, the Compensation Committee considers publicly available information published by other reporting issuers that the Corporation deems to be similarly placed within the market. On occasion, the Compensation Committee has also retained third party consultants to assess the Corporation's compensation structure and provide it with recommendations for improvement.

Among other things, the Compensation Committee is responsible for:

- a) Reviewing the compensation philosophy and guidelines for the directors and senior officers and making recommendations to the Board of Directors for its consideration; and
- b) Reviewing the compensation of the directors and senior officers of the Corporation and reporting its conclusions to the Board for its consideration.

With respect to stock options:

- a) In consultation with the CEO with respect to the grant of stock options and, subject to confirmation by the Board of Directors, approving the granting of stock options to senior officers and other key employees and consultants of the Corporation and its affiliates;
- b) Periodically reviewing the stock option plan of the Corporation and making recommendations to the Board of Directors with respect to amendments that are considered appropriate by the Compensation Committee;
- c) Considering incentive awards, perquisites and remuneration, including severance arrangements, for the senior officers of the Corporation and making recommendations concerning the same to the Board of Directors; and
- d) Fulfilling such other duties as delegated to it by the Board of Directors.

The Board of Directors has approved a written position description for the chairman of the Compensation Committee.

Decisions Requiring Prior Approval of the Board of Directors

Prior approval of the Board of Directors is required for all significant acquisition transactions, the sale of securities of the Corporation, grants of options under the Corporation's stock option plan, the incurring of debt, the entering into of hedging or forward sales of commodities and compensation of the Chief Executive Officer, the Chief Financial Officer and the directors. Commencing October 2006, the directors have been paid cash compensation in their capacity as directors but in 2016 the Corporation adopted a program to actively conserve cash that resulted in the directors not being paid for much of the period since that time and through to the current date. Uncompensated fees have been paid only in relation to 2016 and a further 3% of the total uncompensated directors' fees at December 31, 2022 have been paid through the twelve months ended December 31, 2022. The directors also participate in the Corporation's bonus plan. Directors are entitled to, and do participate in, the Corporation's stock option plan (see "Stock Option Plan" and "Executive Compensation").

The Board of Directors' Expectations of Management

The Board of Directors expects the senior officers to manage the business of the Corporation in accordance with strategic plans adopted by the Board of Directors and, in particular, to pursue the acquisition/exploration of potentially economic metal deposits with a view to bring them into production and to provide the Corporation (or its downstream affiliates) with sustainable cash flow. Senior management is also expected to engage

experienced and competent staff and to arrange for the funding necessary to accomplish the Corporation's objectives, after any decision is made by the Board of Directors to seek financing for the Corporation.

Assessments

Five individuals have been nominated for election at the Meeting, of which four are independent directors. The size of the Board of Directors has thus far allowed assessments of individual directors to be undertaken in an informal manner. However, the Board of Directors considers the existing skill sets of individual directors in determining committee assignments and monitors individual director involvement in decision making, involvement in committees and the provision of feedback and recommendations to management. The Corporation recognizes that as it continues to grow and the composition of the Board of Directors changes, more formal procedures to assess board composition and the contributions of individual directors are required and will be introduced.

Orientation and Continuing Education

Although the Corporation has not implemented any formal continuing education or orientation arrangements, the Corporation addresses the continuing education and orientation of both incumbent and new directors by management presentations on the business and affairs of the Corporation as well as on legislative changes and requirements pertaining to securities laws and public company obligations. The current directors are well versed in the business of the Corporation. The Board of Directors encourages its members to maintain the skills and knowledge necessary to meet their obligations as directors. Directors are encouraged to communicate with management and the Corporation's external auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the sites at which operations are conducted by affiliates of the Corporation. Board members have full access to the Corporation's records.

Ethical Business Conduct

The Board of Directors reviews the status of individual directors on an annual basis. Board members are required to identify any potential business conflicts and Board members subject to any such material conflict are required to abstain from voting with respect to any related matters or issues.

The Board has adopted a written Code of Conduct for directors, officers and employees, which can be accessed on the Corporation's website at www.tvipacific.com. All directors and officers are required to report all related party transactions to the Audit Committee, and the Board of Directors has also implemented a Whistleblower Policy to encourage and promote a culture of ethical business conduct. The Whistleblower Policy can also be found on the Corporation's website at www.tvipacific.com. All new employees are required to read and sign the Code of Conduct and Whistleblower Policy as a part of the orientation process.

Nomination of Directors

In connection with the consideration of any new candidates for election/appointment to the Board, the directors review the advice and input of the Corporate Governance and Nominating Committee regarding:

1. The appropriate size of the Board, the necessary competencies and skills of the Board of Directors as a whole and the competencies and skills of each existing director; and
2. The qualifications of such candidates. Persons being considered for election/appointment to the Board of Directors must have a track record in general business management, special expertise in an area of strategic interest to the Corporation, the ability to devote the time required and a willingness to serve.

Shareholder Feedback

The Corporation maintains an investor relations function through its head office in Calgary, Alberta. The Corporation welcomes shareholder feedback via telephone, email, or through the Corporation's website at www.tvipacific.com.

Approval Requirements

Approval of a rolling option plan is an annual requirement of the TSX Venture Exchange (“**TSXV**” or “**the Exchange**”), to which the Corporation moved on August 2, 2016 from the Toronto Stock Exchange. The Corporation’s current stock option plan (the “**Option Plan**”) was last approved at the Annual Meeting of Shareholders on June 23, 2022 and accepted for filing by the TSXV in July 2022.

At the Meeting, the Shareholders will be asked to consider and, if thought fit, pass the following ordinary resolution ratifying and confirming the existing Option Plan:

"BE IT RESOLVED, as an ordinary resolution of the shareholders of TVI Pacific Inc. (the "**Corporation**"), that the existing stock option plan of the Corporation, as approved by the Board of Directors and described in the management information circular of the Corporation, dated May 15, 2023, be and the same are hereby approved, ratified and confirmed, without amendment."

In order to be passed, the resolution respecting the Option Plan must be approved by a simple majority of votes cast by Shareholders who vote in person or by proxy at the Meeting in respect of the resolution.

If approved by the Shareholders at the Meeting, the Option Plan will extend until the 2024 Annual Meeting of Shareholders.

Unless otherwise directed, the management designees named in the accompanying instrument of proxy intend to vote in favor of the ratification and confirmation of the Option Plan.

General

The Option Plan allows for options to be granted to officers, directors, employees and consultants of the Corporation or its affiliates. The maximum number of shares that may be issued upon the exercise of options granted under the Option Plan is equal to 10% of the number of issued and outstanding Common Shares of the Corporation from time to time (calculated on a non-diluted basis). Under the Option Plan, no Options will be granted if such grant together with grants pursuant to all other share compensation arrangements of the Corporation could result, at any time, in:

- a) a number of Shares reserved for issuance pursuant to Options granted to insiders exceeding 10% of the outstanding issue; or
- b) the issuance to insiders, within a one-year period, of a number of Shares exceeding 10% of the outstanding issue; or
- c) the issuance to any one insider and such insider's associates, within a one-year period, of a number of Shares exceeding 5% of the outstanding issue.

The individuals to whom options are granted, the number of options granted, vesting, exercise price (which may be no less than the closing market price the day before grant date and a minimum of \$0.05) and exercise period (which may not exceed five years), are at the discretion of the Board of Directors, subject to compliance with any applicable regulatory requirements. Options granted under the Option Plan are not transferable.

Under the Option Plan, the options will expire if not exercised by the later of: (i) the end of the option period; or (ii) if the expiry date occurs during a black-out period established under the Corporation’s Disclosure Policy, or within five business days thereafter, the date that is ten business days following the end of such black-out period, provided however that options will expire 60 days after the participant ceases to be a director, officer, employee or consultant of the Corporation or any of its subsidiaries by virtue of resignation and immediately if the participant is terminated for cause. In any event, no option shall be exercisable for a period exceeding ten (10) years from the date the option is granted.

In the event of the death, permanent disability or normal retirement of the participant, any options previously granted remain exercisable until the end of the option period or until the expiration of 180 days after the date of death, permanent disability or normal retirement of such participant, whichever is earlier.

The Board of Directors may at any time amend or revise the terms of the Option Plan, subject to regulatory approval and certain required shareholder approvals, provided that no such amendment or revision shall alter the terms of any option previously granted under the Option Plan. Shareholder approval is not required for amendments to the Option Plan, except for any amendment or modification that:

- a) increases the number of shares reserved for issuance under the Option Plan;
- b) reduces the exercise price of an option, except for the purpose of maintaining option value in connection with a conversion, change, reclassification, re-division, re-designation, subdivision or consolidation of shares or a reorganization, amalgamation, consolidation, merger, takeover bid or similar transaction involving the Corporation (for this purpose, cancellation or termination of an option prior to its expiry date for the purpose of reissuing options to the same option-holder with a lower exercise price will be considered an amendment to reduce the exercise price of an option);
- c) extends the term of an option beyond the maximum expiry date set out in the Option Plan (except where an expiry date would have fallen within a blackout period established under the Corporation's Disclosure Policy);
- d) extends eligibility to participate in the Option Plan to persons other than officers, directors, and employees of the Corporation and its subsidiaries and consultants to the Corporation and its subsidiaries;
- e) permits options to be transferred, other than for normal estate settlement purposes or to an RRSP or similar plan; or
- f) permits awards other than options to be made under the Option Plan.

With the exception of the foregoing amendments, the Option Plan provides that all other amendments to the Option Plan may be made by the Board of Directors.

Options granted to new employees are proposed by Management and are subject to the approval of the Board of Directors. Annual stock option grants to directors, officers, employees, and consultants are generally granted once a year. Management recommends to the Compensation Committee the number of options to be granted to each director, officer, employee, and consultant, subject to the final approval of the Board of Directors. Prior option grants are taken into consideration in granting new options, particularly with regards to the maximum grant limits specified in the Corporation's Option Plan.

The purpose of the Option Plan is to advance the interests of the Corporation by encouraging the directors, officers, employees, and consultants of the Corporation and its subsidiaries to acquire shares, thereby increasing their proprietary interests in the Corporation, aligning their interests with the interests of the Corporation's shareholders generally, encouraging them to remain associated with the Corporation, and furnishing them with an additional incentive in their efforts on behalf of the Corporation.

As of May 15, 2023, there were 21,900,000 options outstanding under the Option Plan (representing approximately 3.2% of the total number of outstanding Common Shares) and a total of 45,598,704 additional shares were available under the Option Plan for future grants of options (representing a further 6.8% of the total number of outstanding Common Shares for a total of 10% of the total number of outstanding Common Shares available under the Option Plan).

Unallocated options were approved by the shareholders of the Corporation at the Corporation's annual general and special meeting on June 23, 2022 and this approval is usually effective for one year given the Corporation has now moved to the TSXV. Under Policy 4.4, section 3.9(b) of the TSXV Corporate Finance Policies, rolling stock option plans generally must receive Shareholder approval at the time the plan is to be implemented and yearly, at the Issuer's annual meeting, and if approval is not obtained at the meeting to be held by the anniversary meeting date in each subsequent year, options which have not been allocated and options which are outstanding as at that date and are subsequently cancelled, terminated or exercised will not be available for a new grant of options. Previously allocated options will continue to be unaffected by the approval or disapproval of the current resolution.

Equity Compensation Option Plan Information

The following table sets out information concerning the aggregate number of securities issuable upon the exercise of outstanding options, the weighted average exercise price of outstanding options granted under the Option Plan and the number of securities remaining available for future issuance under the Corporation's equity compensation plans as of the end of the Corporation's most recently completed financial year:

Option Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-Average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	39,900,000	\$0.015	25,798,704
Equity compensation plans not approved by security holders	-	-	-
Total as at Dec.31.2022	39,900,000	\$0.015	25,798,704

As at December 31, 2022, representing the end of the Corporation's most recently completed financial year, 38,400,000 options were held by directors and executive officers to acquire additional common shares.

Given the Corporation has been in a continuous black-out period through all of 2019 and through to the date of this Information Circular, stock options that had been originally scheduled to expire in May 2019 and June 2020 have been extended in accordance with the Option Plan.

Accordingly, TVI's Directors and executive officers, as a group, continued to hold at December 31, 2022, the following stock options to purchase up to the following numbers of common shares until the dates shown:

- a) 25,400,000 common shares exercisable at \$0.015 per Common Share that were initially to expire in May 2019 but for which the expiration date has been extended (fully vested) as provided in the shareholder approved Option Plan;
- b) 13,000,000 common shares exercisable at \$0.015 per Common Share that were initially to expire in June 2020 but for which the expiration date has been extended (fully vested) as provided in the shareholder approved Option Plan.

In April 2023, 18,000,000 options were exercised by Mr. Cliff James at an exercise price of \$0.015.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee reviews and approves the Corporation's compensation program for executive officers. In order to meet the challenges of continuing to grow and expand the Corporation, the executive compensation program has been designed with the objective of attracting and retaining a highly qualified executive team. In making recommendations to the Board regarding the level of compensation paid to executives, the Committee takes into consideration factors such as overall experience, length of service, responsibilities and levels of compensation provided by comparative companies.

The Corporation had two executive officers, as at the end of its most recently completed financial year. Clifford M. James is the President and Chief Executive Officer, and Patrick B. Hanna is the Vice President of Finance & Administration and Chief Financial Officer. Mr. James and Mr. Hanna are collectively referred to in this Information Circular as the "NEOs". Compensation paid to the Corporation's executive officers during 2022 was comprised of only one element – base salary.

Base Salary

The Corporation has not formally assessed its compensation program by an analysis of the market since 2013, when it last engaged The Human Well to perform a market study and advise with respect to executive salaries. The approach of the Board of Directors in the past has been to bring total compensation levels up to the market levels in the industry over a one to three-year period depending upon market conditions (for example, metal prices, labor costs, political stability, etc.) and the Corporation's business direction.

Given market conditions since completion of the compensation study in 2013 and the financial condition of the Corporation, base salary of the NEOs was reduced in 2016 and has not been adjusted since that time other than a 5% inflationary adjustment in relation to the CFO effective July 1, 2022. The full salary of the CEO has for the most part continued to be unpaid since 2017 as well as part of the salary of the CFO.

The following table summarizes approved adjustments to the base salary component of the NEOs:

Record of Salary Adjustments

Year	Adjustment to Base Salary	Comments
2018	Nil	Continuing non-payment of full salary related to the CEO and part salary of the CFO.
2019	Nil	Continuing non-payment of full salary related to the CEO and part salary of the CFO.
2020	Nil	Continuing non-payment of full salary related to the CEO and part salary of the CFO.
2021	Nil	Continuing non-payment of full salary related to the CEO and part salary of the CFO.
2022	5%	Inflationary adjustment commencing July 1, 2022, and relating only to the CFO. Continuing non-payment of full salary related to the CEO and part salary of the CFO.

Bonuses

The Compensation Committee has to date considered incentive bonuses based upon performance and continues to consider changes to the program to more directly align the annual incentive bonus program for the Corporation's senior officers to be:

- aligned with TVI's pay philosophy; and
- supportive of a pay for performance environment.

The bonus program requires that the Corporation's Chief Executive Officer and Chief Financial Officer establishes and agrees performance goals and objectives at the beginning of each year with the CEO, Chairman and the Compensation Committee so as to ensure they map closely to the priorities outlined in the Corporation's Annual Business Plan. The fundamental philosophy behind the bonus program is to reward participants relative to their individual contribution/performance toward the overall team effort of the Corporation in achieving annual corporate operating and individual performance goals. Rewards will continue to be determined following completion of the year-end audit and the Compensation Committee has the full authority to determine whether performance awards recommended by the CEO are approved and the full latitude to establish the final performance award value, which may be zero in any and all cases. The Compensation Committee reviews the performance of the Chairman, the directors, the CEO and the CFO, as applicable, and awards the appropriate bonuses. A bonus may or may not be paid in any given year, and the payment of a bonus in any year is not considered a precedent for any later year and the payment does not bind the Corporation's absolute discretion in future years to pay or not to pay a bonus.

The Corporation did not award and did not pay any bonus to the NEOs or to any staff during 2022. A bonus was last paid in June 2015.

Stock Options

Stock options have historically been granted as a long-term incentive to employees of the Corporation and certain of its affiliates. Options are also intended to encourage retention of executive and senior employees through a three-year term vesting period. The Compensation Committee receives the recommendation of the CEO concerning the number of options to be granted to each director, officer, employee and consultant and, following a review of such recommendation, recommends the granting of options. Stock option grants to directors, officers, employees and consultants generally occur once a year. The Compensation Committee's recommendations are based upon the long-term strategic goals and targets of the Corporation, its current stage of development, the need to retain or attract key personnel, the number of options already outstanding, overall market conditions and the recommendations made to the Compensation Committee by the CEO.

The Compensation Committee did not recommend annual option grants to any director, officer, employee or consultant during 2022. Options were last granted in June 2015.

Notes:

- (1) Mr. James, Director, Chairman of the Board, President and Chief Executive Officer is employed through a consulting agreement between TVI and Seajay, a corporation controlled by Mr. James. TVI's Philippine joint venture, TVIRD, has also entered into a management contract with Seajay for the services of the President starting January 1, 2014, so as to more effectively allocate and share the cost of services of Mr. James between the entities, resulting in a reduction in cost to TVI from that time. In total during fiscal year 2022, TVI directly paid or accrued management fees of \$241,483 to Seajay for the services of the President and support staff, which includes the salary of the Corporation's accountant (2021 - \$237,069; 2020 - \$228,385).
- (2) The Board of Directors used the Black-Scholes model to establish the fair value of options granted to executive officers. There were no stock options issued during the years ended December 31, 2020, 2021 and 2022.
- (3) The Board of Directors grants discretionary bonuses to executive officers from time to time, based on operational and financial performance. No discretionary bonuses were granted during the years ended December 31, 2020, 2021 and 2022.
- (4) For the 2016 Financial Year and until such time as the Board decides otherwise, cash compensation for the CEO continues to be largely unpaid. Payment of uncompensated fees will be determined by the Board as conditions permit. Since February 2016 only fees in the amount of \$353,232 have been paid and a balance of \$756,893 continues to be due as at December 31, 2022, excluding accrued interest.

For the 2022 financial year, the two most senior officers and employees of the Corporation earned aggregate remuneration of \$315,480 (2021 financial year - \$311,700), of which \$160,500 has not been paid (2021 financial year - \$160,500).

Notes:

- Given the Corporation has been in a continuous black-out period since 2016 and through to the date of this Information Circular, stock options that had been originally scheduled to expire in June 2019 and June 2020 have been extended in accordance with the Option Plan. In any event, no option shall be exercisable for a period exceeding ten (10) years from the date the option is granted.
- Based on the difference between the closing price of the Common Shares on the TSXV on December 31, 2022 of \$0.025 and the exercise price of the options.

Mr. James fully exercised all of his 18 million options on April 20, 2023.

Pension Plan Benefits

The Corporation does not offer pension plan benefits to its NEOs or Directors.

Termination Benefits

The services of Mr. James as an officer of the Corporation are made available to TVI through a consulting agreement between the Corporation and Seajay (the "**Seajay Contract**"). Either party, Seajay or TVI, may terminate the Seajay Contract upon ninety (90) days written notice.

An arrangement between the Corporation and Seajay was negotiated during 2014 following conclusion of a separate services agreement directly between TVI Resource Development (Phils.), Inc. ("**TVIRD**"), a Philippine resource production and development company in which TVI holds a 30.66% investment interest, and Seajay so as to more effectively allocate and share the cost of services of Mr. James between the entities. Under the arrangement, reduced management fees have been charged to TVI in relation to the services of Mr. James since January 1, 2014. Termination payments owing to Seajay in certain circumstances have also been renegotiated and are based upon the compensation that would be payable by TVI to Seajay for the services of Mr. James if he were to return to TVI on a fully chargeable basis, adjusted by any inflationary or other adjustments (or both) that may have been approved by the TVI Pacific Board since July 1, 2014. The termination fee (which will become payable to Seajay in the event of the resignation, retirement, death or incapacitation of Mr. James), may be influenced by any compensation provided to Seajay if TVIRD's contract with Seajay naturally expires and is not renewed or if Seajay's contract with TVIRD is terminated prematurely – in general, the termination compensation payable by the Corporation to Seajay will be reduced by the amount of any termination compensation received by Seajay from TVIRD. The termination fee may vary between 9 months (\$309,191) and 24 months (\$884,508) depending on the circumstance.

The position of Chief Financial Officer was restructured in 2016 and Mr. Hanna was retained with reduced fees and benefits and no special provisions related to additional fees due upon termination by either party.

The effect of termination of employment on stock options held by an executive officer will be governed by the terms of the applicable options (which generally provide for accelerated expiry of all options if an option holder ceases to be associated with the Corporation and its affiliates).
